## BA Degree in Mathematics Statistics Concentration (C702)

Starting Fall 2018
NOTE: this way of counting the credits is different from the Rowan Core "bubble sheet" Academic Program Guide for New First-Year Students.

FOUNDATIONAL COURSES ........................................ 20 SH

| MATH 03.150 - Discrete Mathematics (3 sh) |
| :--- |
| MATH 01.131 - Calculus II (4 sh) |
| MATH 01.230 - Calculus III (4 sh) |
| MATH 01.210 - Linear Algebra (3 sh) |
| STAT 02.320 - Concepts in Statistical Data Analysis (3 sh) |
| MATH 01.340 - Modern Algebra (3 sh) |

MID-LEVEL COURSES . 9 SH

| STAT 02.360 - Probability \& Random Variables (3 sh) |
| :--- |
| STAT 02.361 - Mathematical Statistics (3 sh) |
| MATH 01.498 - Mathematics Seminar (3 sh, WI) |

RESTRICTED ELECTIVE COURSES - GROUP ONE choose two from these four 6 SH

| STAT 02.371 - Design of Experiments ANOVA (3 sh) |
| :--- | :--- |
| STAT 02.340 - Elements of Statistical Learning (3 sh) |
| MATH 03.411 - Deterministic Models in Operat'ns Research (3 sh) |
| MATH 03.412 - Stochastic Models in Operations Research (3 sh) |

## RESTRICTED ELECTIVE COURSES - GROUP TWO -

TOTAL for this page:
.38-39 SH

| Communicative Literacy <br> (Written/Spoken) | 9 <br> SH |
| :--- | :---: |
| Composition I | 3 |
| Composition II | 3 |
| Public Speaking | 3 |
| Scientific Literacy | $\mathbf{4}$ |
| Introductory Mechanics | 4 |
| Quantitative Literacy | $\mathbf{4}$ |
| Calculus I | 4 |

| Humanistic Literacy | $\mathbf{3} \mathbf{~ S H}$ |
| :---: | :---: |
| Choice | 3 |
| Global Literacy | $\mathbf{3} \mathbf{~ S H}$ |
| Choice | 3 |
| Artistic Literacy | $\mathbf{3} \mathbf{~ S H}$ |
| Choice | 3 |
|  |  |

NON-CORE COURSES Required for the Program: Computer Science \& Programming (4 SH), Intro to Symbolic Logic (3 SH), \{Intro to Electricity \& Magnetism, or Intro. Thermodynamics, Fluids, Waves, and Optics\} (4 SH), LIT course (3 SH)

## SH

Rowan Seminar (RSEM) required for all native students and students who transfer in with less than 24 SH at the time of transfer (SH absorbed by above?) 0-3 SH

FREE ELECTIVES (any course counting towards a Rowan BA/BS).
POOL OF RESTRICTED ELECTIVES, Depending on Your Specialization (Note: all prerequisites require a C- or better to get into said course):
MATH 01.205 Technological Tools for Discovering Mathematics - Intro to Scientific Programming, Discrete MATH, and Calculus II
MATH 01.231 Ordinary Differential Equations- Calculus III and Linear Algebra
MATH 01.310 College Geometry- Discrete Math, Calculus III, Linear Algebra and Intro to Symbolic Logic
MATH 01.330 Introduction to Real Analysis - Discrete Math and Calculus III
MATH 01.331 Introduction to Real Analysis II- Introduction to Real Analysis I
MATH 01.332 Numerical Analysis- Intro to Scientific Programming**, Calculus III, and Linear Algebra
MATH 01.341 Modern Algebra II- Modern Algebra I
MATH 01.352 Theory of Numbers - Discrete Math and Linear Algebra
MATH 01.354 Intro to Topology- Intro to Real Analysis I
MATH 01.386 Introduction to Partial Differential Equations- Ordinary Differential Equations
MATH 01.410 History of Mathematics - Two 300/400 level math courses that count toward the math major
MATH 01.421 Mathematics Field Experience- Calculus II, Probability \& Random Variables and permission of instructor
MATH 01.430 Intro to Complex Analysis- Introduction to Real Analysis I
MATH 03.400 Applications of Mathematics- Calculus III, Linear Algebra, and Ordinary Differential Equations
MATH 03.411 Deterministic Models in Operations Research - Calculus III and Linear Algebra
MATH 03.412 Stochastic Models in Operations Research- Probability \& Random Variables and either (Calculus III and Linear Algebra) or Deterministic Models in Operations Research
STAT 02.340 Elements of Statistical Learning - \{Concepts in Statistical Data Analysis or Probability \& Random Variables\} and Linear Algebra and Intro to Scientific Programming**
STAT 02.360 Probability \& Random Variables - Discrete Math and Calculus III
STAT 02.361 Mathematical Statistics - Probability \& Random Variables
**The program now requires Computer Science \& Programing (CS 04-103). If you took Intro to Scientific Programing before Fall 2018, see the instructor of the course that requires a programming course

## B.A. in Math - Statistics Concentration (C702): Suggested order to take courses

| Year <br> FRESHMEN | FALL - 16 sh, 17sh, 15 sh, 15sh Calculus I (Quantitative Literacy) | SPRING - 17 sh, 16 sh, 15 sh, 12 sh Calculus II |
| :---: | :---: | :---: |
|  | Intro to Symbolic Logic | Discrete Mathematics |
|  | College Comp I *RS (Rowan Core) | College Comp II (Rowan Core) |
|  | Humanistic Literacy (Rowan Core) |  |
|  | Artistic Literacy (Rowan Core) | Programming |
|  |  | Choice |
| SOPHMORE | Calculus III | Probability \& Random Variables |
|  | Linear Algebra | Concepts in Statistical Data Analysis |
|  | Introductory Mechanics (Rowan Core) | Intro to Electricity \& Magnetism (or Intro to Thermodynamics, or $2^{\text {nd }} \mathrm{CS}$ ) |
|  | Public Speaking (Rowan Core) | Literature Elective |
|  | Choice | Global Literacy (Rowan Core) |
| JUNIOR | (Odd or even year?*) | (Odd or even year?*) |
|  | Modern Algebra I | Stat Restricted Elective (Group 1)* |
|  | Mathematical Statistics | Stat Restricted Elective (Group 2)* |
|  | Choice | Choice |
|  | Choice | Choice |
|  | Choice | Choice |
| SENIOR | (Odd or even year?*) | (Odd or even year?*) |
|  | Stat Restricted Elective (Group 1)* | Mathematics Seminar 498 (WI) |
|  | Choice | Choice |
|  | Choice | Choice |
|  | Choice | Choice |
|  | Choice |  |

*Because some Math Restricted Electives are offered only once every two years, it may be necessary to move some of the junior and senior level courses in order to be able to take certain electives or a specific concentration. (Odd or even year?) Please speak with your advisor prior to taking Calculus III and Linear Algebra so that you can map out your schedule in order to be able to take any courses you sodesire.

Note: Students obtaining a dual major in education should meet each semester with both advisors to make sure that you are on track with both sets of courses. Many of the non-specified general education and free elective courses will be satisfied by specific education course requirements
