OVERVIEW
The Praxis Core Reboot Camp is intended to help prepare participants who either enrolled in the Praxis Core Boot Camp and struggled with one or more of the 3 part post-assessment OR who have taken the Praxis Core exam prior but were met with challenges preventing them from being successful. The Reboot Camp consists of two Saturday sessions. Both sessions are divided into three 2 hour and 15 minute sessions that focus on each of the sub-tests (see schedule below). Participants can register for 1, 2 or 3 content area sessions. Participants should register online through the College of Education's Praxis Lab website. Register today because seats are limited to the first 25 registrants.

LOCATION
James Hall
Computer Lab: 2113

DATES
3/31 & 4/7

TIMES
Session 1: 8:00am - 10:15am
Session 2: 10:30am - 12:45pm
Session 3: 1:00pm - 3:15pm

$85 pays for all three sessions & textbook.
$75 pays for two sessions & textbook.
$65 pays for one session & textbook.
Once registered, the fee is non-refundable. Attendance is mandatory for all sessions to get best results.

Participants who participated in the Praxis Core Boot Camp should bring their post-assessment results. Participants who have taken the Praxis Core exam should bring their ETS results. All participants will be required to bring a 3-subject notebook, pencil and eraser. Participants must also bring Rowan identification to verify registration.

SESSIONS

1st Saturday
Session 1: Reading Reboot
In this session participants will learn strategies in comprehension, identifying inferences, grammar and vocabulary.

Session 2: Writing Reboot
In this session participants will learn 5-part essay writing, extensive strategies in grammar, vocabulary and APA citations.

Session 3: Math Reboot
In this session participants will strengthen their understanding of math formulas and math process.

2nd Saturday
Each session will require participants to take a practice test in one or more of the content areas they registered. Scores will be provided with study guides that can be used as participants prepare for their official test. Students will have the opportunity to register online for an additional assistant in the Praxis Lab.
